Sesha Swetha Paleti

Frontend Developer

👤 Profile

Passionate front-end developer with a bachelor's degree in Computer Science. I have been building websites almost everyday for the last 3 years. I enjoy developing pixel-perfect engaging user interfaces! and always up for learning new stuff.

Note: I have a valid German work visa, so no visa support required.

💼 Experience

Freelance Web Developer for a Yoga studio, Berlin

March 2023 — April 2023

Built a website for an upcoming Yoga studio in Berlin. Worked with a designer and turned Figma designs into a single page application using React.JS + tailwind CSS. Did everything from building to deploying in Vercel, also did SEO. Worked closely with client and implemented all the features like booking on the website, email newsletter and more.

Live URL: https://www.rachaelroberts.co/

Intern Student at NxtWave Web Dev Bootcamp

October 2022 — March 2023

- Built mobile-first responsive websites with ReactJS and Flex
- Built APIs using ExpressJS with SQL as datastore.
- Used tailwindCSS and also TypeScript for some of the projects.

🎓 Education

Bachelor's Degree - Computer Science, RGUKT IIIT University

March 2011 — March 2015

★ Projects

NxtWatch

NxtWatch is a video streaming platform built with React.JS and styled-components. Uses react routing for page transitions, **context** for managing light and **dark themes** and to preserve saved videos between pages. **JWT** based Authentication and Authorization using external API.

Visit this project

Jobby App

A job portal built using React.JS and with **mobile-first** responsive design. This project provides various **filters** for filtering a large set of jobs fetched from an API. This project also uses **JWT** for authentication.

Visit this project

MoviesApp

MoviesApp is a movie streaming platform built with React.JS and styled-components, fully responsive. Applied React **routing** concepts and uses JWT token based **authentication** and **authorization**. Used a few third-party packages for features like carousels and popups.
